Park Entrance

WARNING: BEARS HAVE BEEN SPOTTED IN AND AROUND THIS AREA

Welcome to Bogart Park! Please be aware you are visiting a bear area.

DON'T BE BEAR CARELESS!

HUMAN FOOD AND GARBAGE ATTRACT BEARS.

Help us help the bears by adhering to the following:

- ✓ Bears may become dangerous and destructive when obtaining human food.
- ✓ Store all food items, including ice chests, in a car trunk. If no trunk is available store all food and ice chests in tightly sealed containers in your car. Cover all items with a blanket (including ice chests). This will minimize odors.
- ✓ **NEVER STORE FOOD OR FOOD ITEMS, INCLUDING ICE CHESTS, IN TENTS OR ANYWHERE A BEAR CAN GET THEM.**
- ✓ Food must be stored and sealed at all times unless being prepared or eaten.
- ✓ **BEARS ARE SMART!** They will recognize ice chests, cans, grocery bags, sunscreen, soap, toothpaste, and other scented items as food. Store all of these items properly and out of sight.
 - ✓ Deposit garbage in bear-resistant dumpsters and recycling bins.
 - ✓ Don't leave garbage or garbage bags in your site overnight.
 - ✓ Wash all utensils, pans, and areas immediately after using
- ✓ Bears are wild animals and can act in unpredictable ways please do not take any photographs or 'selfies' with the bears.

SAFETY FIRST! CALL 9-1-1 IF YOU ENCOUNTER A BEAR.
